A BRIEF OF THE REPORT OF

THE GROUP ASSIGNED TO ANALYZE THE LOOP FIRE ACCIDENT.

This report presents the daily record of the Loop Fire Disaster by the Analysis Group, causes and circumstances relating to the disaster, and recommends ways to prevent similar disasters in the future. It may be supplemented by information which is available to personnel who are able to provide significant information.

US Department of Agriculture - Forest Service - Washington, D.C.

THE LOOP FIRE DISASTER

ANGELES NATIONAL FOREST
CALIFORNIA REGION

November 1, 1966

(A BRIEF)

By

The Loop Fire Analysis Group:

Hamilton K. Pyles
Alfred E. Spaulding
Carl C. Wilson
William R. Moore
George Brunton

Assisted by:

Ronald G. Metcalf, Observer
Joseph C. Springer, Observer
Clemence R. Crouch, Liaison
Clive M. Countryman, Fire Behavior Team
Mark J. Schroeder, " " "
Richard C. Rothermel, " " "
Michael A. Fosberg, " " "

This report presents the study made of the Loop Fire Disaster by the Analysis Group. It describes causes and circumstances relating to the tragedy and recommends ways to prevent similar accidents in the future. It may be supplemented later if hospitalized survivors are able to provide additional significant information.
